Erection of a single storey extension to the east side of the existing vestry, providing a compliant disabled WC and path alterations.

The Council considered this application and was unanimous in its position that, the council is in support of the provision of the single storey extension for the provision of a disabled compliant WC. However, the Council finds that it must OBJECT IN PRINCIPLE to this application unless the lack of detailed description of materials is addressed in a manner that reflects this sensitive location and the nature of this grade 2\* listed building.
